FAST FLAP SYSTEM

RELEASABLE MUD FLAP HANGERS & MOUNTING BRACKET SYSTEM

Allows mud flap to release free without causing damage to the flap - hanger bracket - or equipment! Reinstalling the mud flap only takes seconds using a standard screwdriver. Fast Flap hangers (Part # 101227) sold individually or as a complete set with bracket system (Part # 103022). Each complete set includes 4 hangers, 2 bracket arms and all necessary mounting hardware.

Fast Flaps secure mud flaps without creating any holes in the flap or sacrificing strength. It takes more than 500 lbs of pressure to detach a mud flap from the Fast Flaps stainless heat tempered spring steel bar, and the result doesn't damage the flap.

Part# 101227 - Fast Flap Hangers

Part# 103022 - Fast Flap Hangers & Mounting Brackets

DURABLE - All stainless steel clamp construction, heat tempered to spring steel for ultimate durability.

SECURE - Mud flap fastens in with over 500 lbs of spring steel clamping force.

SAVE MONEY - No damage, no shop labor, no down time and no DOT fines due to missing or destroyed mud flaps!

PROVEN PRODUCT - Used on owner operator, fleet, municipal and DOT vehicles throughout North America!

INDUSTRY APPLICATIONS - For both on-road and off-road trucking including dump trucks, cement mixers, asphalt, block, logging, roll-off, and garbage trucks. Also great for freight haulers that often experience mud flap damage.
